

The Electricity Supply Number (METERING POINT ADMINISTRATIVE NUMBER)

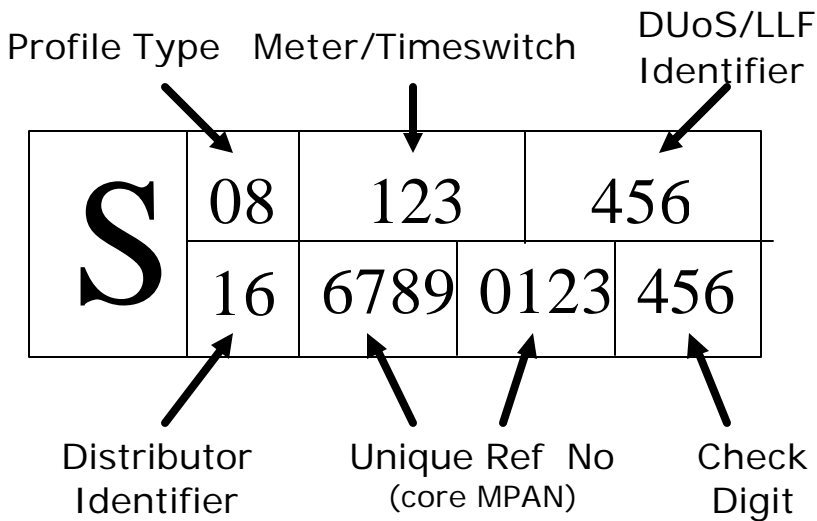

To correctly complete an electricity comparison you must be able to provide your 'supply' number.

The two most important numbers are the 'Profile' and 'Distributor Code'.

If you are making a simple **domestic** comparison your profile will be either 01 (single rate) or 02 (day/night rate).

Small business 'quarterly' billed profiles are 03 and 04 with the monthly profiles being 05 to 08.

Large business will have a 00 profile along with a telephone communication link to collect consumption data.

Distribution Identifier Codes

Identifies which PES's Local Distribution Network the customers' Metering Point is connected to.

The following two digit codes are used:

Code	PES
10	Eastern Electricity - 0800 783 8888
11	East Midlands /Powergen - 0800 056 8090
12	London Electricity - 0800 028 0247
13	Manweb - 0845 272 2424
14	Midlands /Npower - 0845 733 1331
15	Northern Electricity - 0800 668 877
16	Norweb / Energis - 0800 169 0407
17	Scottish Hydro-Electric - 0800 300 399
18	Scottish Power - 0845 272 7999
19	Seeboard - 0800 783 8866
20	Southern Electric - 0845 770 8090
21	Swalec - 0845 601 3341
22	South Western Electric - 0845 601 2989
23	Yorkshire - 0113 232 5882
